The Confidentially Speaking program guarantees that TASC employees, customers, and vendors can safely and anonymously communicate with management regarding sensitive information.

Why did TASC Implement this Program?  
A renewed interest in corporate governance, spurred by the Sarbanes-Oxley Act, has motivated many organizations to implement an anonymous reporting hotline. Because TASC’s Confidentially Speaking system helps employees, customers, and vendors voice their opinions and concerns, we’re able to gain valuable feedback that otherwise might not be forthcoming. Finally, besides helping our efforts to mitigate risk, this information helps us maintain an ethical environment within TASC.

As part of our organization’s core values and best practices, we expect TASC to conduct business in a legal and ethical manner. We do not condone any illegal or unethical behavior. All members of our TASC team are asked to let us know immediately if they become aware of unacceptable activity occurring within the organization. TASC management in turn takes steps to appropriately address the issue.

How Does it Work?  
If you have knowledge about the occurrence of unethical activity, promptly report the situation to a Confidentially Speaking representative via website or phone. You may remain 100% anonymous, no matter the method of reporting.

Reporting via Website: www.tascconfidentiallyspeaking.com  
The user-friendly website makes reporting easy. It walks you through each step of the reporting process, which includes answering a few questions required as part of the feedback collection process. You may also upload supporting documents to the website.

If you wish to receive follow-up information, you may do so in two ways. You may create a custom website password to allow you to check the case status and communicate anonymously. Or, you may provide an e-mail address to receive follow-up information anonymously.

Reporting via phone: 877-874-8416  
If you would rather call, a highly trained representative will thoroughly interview you about the issue. It is advantageous to be as upfront as possible with the interviewer. Once the report/call is complete, you will receive a unique code related to your report which will allow you to check the case status and/or to follow-up on the matter.

After reporting  
The issue will be investigated and escalated as necessary and appropriate. Besides helping our efforts to mitigate risk, this information helps us maintain an ethical environment within TASC. Comments and feedback are taken seriously and may directly affect the success and culture of our organization.
