

SageTime

The time and attendance solution from PayPath

PayPath offers a robust, web-based time and attendance solution that delivers multiple benefits for HR staff, including the elimination of manual time tracking. SageTime is a valuable tool for everything you need to accurately manage your workforce:

- ✓ 24x7 access to labor and time information
- ✓ Tiered security access
- ✓ Unlimited accrual policies
- ✓ Multiple data collection method options
- ✓ Payroll audit trails
- ✓ Data retention for 7 years

\$

- > Reduces labor costs up to 5%
- > Reduces payroll preparation time by 80%

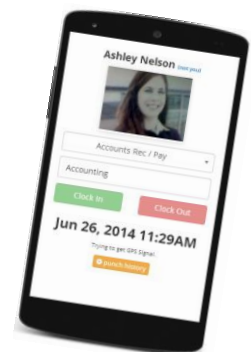

HR Service Functionality:

- Dynamic rules-based scheduler
- Detailed job costing
- Leave requests (paperless)
- Accrual policy rules engine
- Rate calculations
- Real-time labor reporting
- Ad-hoc reporting
- ACA reporting (3 standard reports)
- Custom, exportable report writer
- Notifications and alerts (*custom email notifications*)
- Tracks employee schedules, time-off request, and accrual balances

Employee Time-Tracking Features:

- Online time sheet
- Time-clock entry (*biometric readers; badge readers; PIN entry*)
- Mobile app with GPS and picture identification
- Telephonic access

Fully Integrated: PayPath and SageTime

- Seamless time collection data into payroll
- Single Point of Entry (SPoE): *additions and changes made will automatically update each other in real time — no double-keying of data*
- Single Sign-On (SSO): **one website, one username, one password**
