

SageTime

Workforce Management Fact Sheet (CIO)

SageTime provides the ability to efficiently manage your workforce via leading edge tools and technology. The SageTime hosted solution offers more flexibility and functionality than a typical licensed solution.

- Outsourcing a time management solution is less costly but with added functionality of Internet access
- Open technology standards allow data exchange with most payroll and HR systems, including a built in interface with PayChoice web-based solutions
- No extensive employee training is required
- Automatic updates guarantee the best technology of the future
- Highly secure environment
- Routine archive and backup
- Complete scalability
- SAAS based model, hosted by PayChoice
