

INVESTMENT TOOLKIT

What is the Investment Toolkit?

The assets in your investment-related benefit account (Health Savings Account (HSA) or Funded Health Reimbursement Arrangement (FHRA)) are invested in mutual funds that have been pre-selected for the plan by the Plan Fiduciary. You may also have the option of moving money between available investments depending on the provisions of your benefit plan. This document explains how to navigate to and use the Schwab Retirement Technologies (SRT) investment portal.

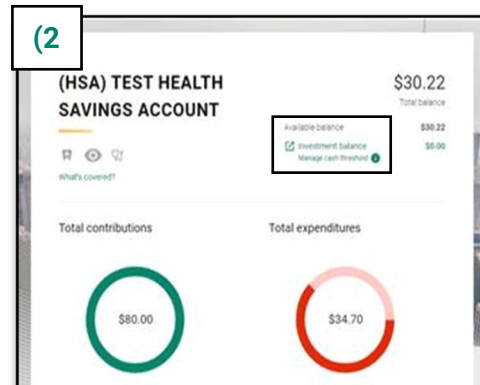

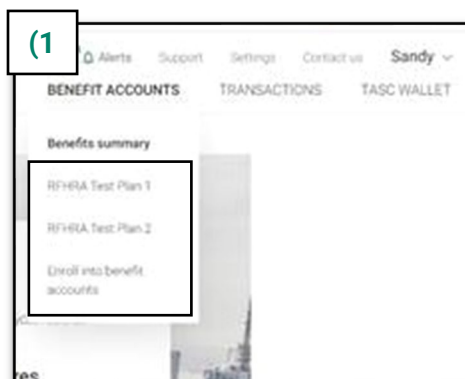

How do I sign in?

Go to www.tasconline.com and select the green **LOG IN** button. Under **Universal Benefit Account Login**, click **INDIVIDUAL/EMPLOYEE**. Before you can sign in for the first time, you must sign up. Under **First time here?** click the green **Sign up** link. Enter your email address (the same one you used for enrollment) and create a password, then follow the on-screen instructions to complete the process.

How do I access my investment balance?

For enhanced security, TASC provides Single Sign-On (SSO) functionality for investment-related benefit accounts. Select **Benefit Accounts** (1) from the top navigation bar and choose your benefit plan from the drop-down menu. Then, click the green *Investment Balance* link (2) on the next screen. You will get a warning stating that you are now leaving TASC and navigating to an external website. Click on *Continue* to proceed. This will take you from your TASC benefit account to the SRT investment platform.

How do I generate a statement on demand?

Investment statements are made available online on a quarterly basis following the end of the quarter and an annual basis following the end of the benefit plan year.

If you need an investment statement at any other time, under *View*, click *Performance & Statements*, then click on *Statement on Demand*. Select the time period, then click *Generate*. Statements can be saved in PDF or Excel format to your computer.

Where can I find my historical transactions?

You can look up transactions that occurred within your Investment Accounts. The system makes available two years of history of all transactions of your account. Under *Home*, click *View All Activity*. This will take you to the transaction history screen.

Enter a *From Date* (mm/dd/yyyy) or click on the calendar to select a date. Enter a *To Date* (mm/dd/yyyy) or click on the calendar to select a date, then click *Update*.

Where do I change how my contributions are invested?

Under *Manage*, click on *Manage Contributions* and then click on *Investment Elections*. Locate your account from the drop-down list under *Choose a Contribution Type*. On the right side you can select the percentages you wish to contribute to each investment. To successfully submit your investment elections change, the new percentages must equal 100%.

For more information on each investment, under the heading *Link* you can access a *Prospectus*, *Fact Sheet*, and a *Website*. When you have finished your elections click on *Submit* (bottom right corner of page).

How do I change where my balance is invested?

You have two options to change your current investment allocation: (1) Realign Portfolio or (2) Transfer Funds.

You can realign your entire balance to fit into percentages for each fund or you can pick and choose how much of your current balance goes into each fund, by percentage or by dollar amount. To realign your current balance, under *Manage*, click *Your Portfolio*, then click *Portfolio Rebalance*.

You have the option to realign all your sources, if you have more than one source, or you can realign by source.

Click *Realign* to the right of your source. Under *Current %*, you will see what percentage of your current balance is in each fund. Under *New %*, you will select the percentage of your current balance that you want in each fund.

If you would like to transfer funds rather than realign, under *Manage*, click *Your Portfolio*, then click *Investment Transfer*.

Again, you have the option to transfer all your sources, or you can transfer by source. Click *Transfer* to the right of your source. You must select a *Transfer Type*, *Dollar to Dollar*, or *Percent to Percent*. Select your investment. The amount or percent that is available to transfer out of the fund appears at the bottom next to *Transfer Amount*. Enter in the amount to transfer out of the fund. Click *Continue*.

In the next screen, you will select where you want to place the amount that you are going to transfer into the remaining fund(s). The amount to transfer is reflected under *Amount Remaining*. When you have placed the amount, click *Transfer*.

How do I know if my request has been processed?

On the home page, you can see your new investment elections and or investment allocation. Please note, investment election changes are an overnight process and realignments/transfers may take up to three days to process. For more detail, under *Home/Your Account* page, click *Your Portfolio* toward the bottom of the screen. In addition, a confirmation letter will be mailed to your home address the following business day after your request has been processed.

Where can I find fund fact sheets for the funds?

Each time you see a fund that is underlined, you may click on the fund to view current fund information.

How do I submit reimbursement requests?

After you become claim active, you may submit reimbursement requests from your online TASC account. It's quick and easy! Before you begin, be sure to have the valid verification for your expenses handy. If you have your verification saved on your computer, you can save yourself a trip to the fax machine or post office by uploading them electronically when you file your request. If you only have paper copies of your verification, you can still file your reimbursement request online, and then send your verification via fax or mail to TASC.

To submit online reimbursement requests, follow these steps:

1. From your TASC account (www.tasconline.com), click the green *Request a reimbursement* button.
2. Choose who the expense was incurred by, expense date, and expense type.
3. Enter expense amount and provider/merchant.
4. Attach verification (must contain date of service, product name or description of service provided, provider name, and recipient name (unless it is a store receipt for prescriptions or eligible over-the-counter items)).
5. Review and submit.
