

Quickly and easily access your money—anywhere, anytime.

When your benefits are **smart, easy, and connected**, you can spend your time taking care of what matters most.

How does your TASC Card work?

- Your TASC Card is connected to all your benefit accounts and provides convenient payment for eligible benefit expenses.
- Eligible items are automatically approved at authorized merchants and paid from your benefit account. (Or *accounts*—it's a smart card.)
- Don't worry, your purchases cannot exceed your available benefit account balance.
- Hang on to your card when you deplete this year's funds. You can use the card again next year!

Your new TASC Mastercard® is here!

- Use your card now! No activation necessary.
- See the back of your card for your 12-digit TASC ID.
- Select the Credit option for benefit account transactions. This ensures eligible items are approved.
- Keep all receipts and documentation in case you need to submit verification later.
- Read and retain your Cardholder Agreement.
