

UNIVERSAL BENEFIT ACCOUNT[®]

Benefits should feel like benefits.

But they really feel like a complex, ever-changing mess — until now. TASC is bringing back the real intent of benefits: to help employees improve their health, wealth and well-being for themselves and the people they care about most.

Introducing **TASC Universal Benefit Account**: the smart, easy and connected way to manage benefits.

- Choose from over 50 integrated accounts to build the program you want with the ability to easily switch accounts at any time.
- Remove complexity with one website, one mobile app and one card for all benefits.
- Increase accuracy because information is entered once, no matter how many benefit accounts you choose.

Benefits should
feel like benefits[™].

But too often
they don't.

TASC is your true partner, helping you focus less on your benefits and more on your business. No matter how the industry changes or needs evolve, we'll be here to listen and grow alongside you. And that's making benefits truly feel like benefits — for everyone.
