

Make sure your benefit plans pass the compliance test.

ERISA is a federal law regulating group-sponsored benefits. With audits on the rise, it is more important than ever to trust a compliance expert.

Employers face strict deadlines for disclosing plan information to eligible employees, and all sponsors who administer ERISA plans must follow a strict fiduciary code of conduct. You may be at risk and not even know it! Failure to comply with ERISA's requirements can mean costly government penalties, even employee lawsuits. Let us take care of all the necessary documents, forms, and record keeping for you.
